The Perks of the Power Kicking Goals

Fans now have even more of a reason to cheer on the Power at AAMI Stadium this year.

In a fantastic initiative, Perks Integrated Business Services and the Port Adelaide Football Club have joined forces to help raise money for **scosa**, the **Spastic Centres of South Australia**.

As part of the 'Power of Dreams' project, Perks will donate \$100 to **scosa** for every goal the Power kick at AAMI Stadium this year.

Port Adelaide Chief Executive Mark Haysman said the aim of 'Power of Dreams' - the club's charity arm - is to help bring the dreams of needy South Australians to reality.

"Importantly, we want to work in partnership with existing charities to make those dreams come true, and **scosa** is an important part of that," Mr Haysman said.

Karen Raffan, Chief Executive Officer of Perks said this is a fantastic opportunity to help **scosa**.

"We are extremely excited to be able to help **scosa** by linking the goal kicking prowess of the Power and our wish to make a difference in the community," Mrs Raffan said.

In their six games at AAMI, the Power has kicked 48 goals, with **scosa** receiving \$4800 to date.

"We are absolutely delighted with this joint promotion and it shows that South Australians really do get behind each other" said Judy Curran, Chief Executive of **scosa**.

Funds raised through the partnership over the home and away season will assist the valuable work of **scosa** and ensure that people with disabilities throughout South Australia continue to receive the support and services they deserve.

Perks, a South Australian based company, is a client-driven accounting and financial services firm. With a 'hands-on' approach, and an experienced team, Perks ensures robust financial solutions.

For more information on **scosa** services call (08) 8347 2664 or visit www.scosa.com.au
