## scosa celebrates Olympic games

To celebrate this year's Beijing Olympics **scosa**, the **Spastic Centres of South Australia** is hosting its very own **scosability challenge**.

In keeping with the Olympic traditions, clients with disabilities from each of the organisations Hubs (located throughout South Australia) will come together in the spirit of fun, friendship and competition on **Friday 2 May** at the MARS Sporting Complex at Marden for a day of fun sports and activities.

"Our clients are very excited about the **scosability challenge** and the name says it all. We continually focus on our clients abilities not their disabilities and that's what this day is designed to celebrate" says Judy Curran, Chief Executive **scosa**.

"We already have mascots, flags and outfits being made and anthems being selected for the big event. It's wonderful to see our clients all embracing this enjoyable event and most importantly, participating and having fun!" says Judy.

And in keeping with the long held tradition, **scosa** clients have been relaying the '**scosability torch**' across the state, moving from Hub to Hub over the past 8 weeks in the lead up to the 'games'.

The **scosability challenge** will include volleyball, table cricket, carpet bowls, shot put, running races and other activities for teams to compete in and the winning team will take home the **scosability torch** in recognition of their achievement.

If you would like to help support **scosa** by either volunteering or making a donation towards supporting South Australians with disabilities, please call (08) 8347 2664.
